

Your Conservative County Council

The next four years...

On JUNE 4th there will be elections for Buckinghamshire County Council and also for the European Parliament. What have we achieved in the last four years and what will our priorities be for the next four years?

Our achievements

The last four years have been an extremely difficult period for the Conservatives in local government. Starved of resources by the Labour Government, micromanaged from Whitehall to the point of absurdity, we have struggled to deliver the level and quality of services that residents rightly demand. The net increase in our budgets is well below the level of inflation.

In spite of the increasing difficulties:

- Buckinghamshire has been consistently rated as one of the best managed and top performing councils in the country.
- Customer satisfaction with our services has improved significantly.
- Our schools, from the results achieved, deliver top quality education year on year.

Our priorities for the future

In the next four years we shall maintain the following priorities:

EDUCATION – We have a commitment to excellence in education. We want all children to achieve their potential. We continue to believe in our educational system and we know that an incoming Conservative Government will give high priority in maintaining standards in education.

GREEN BELT – We have a commitment to defend our Green Belt and Areas of Outstanding Natural Beauty. It is the continuation of our combined planning policies that safeguards the quality of our environment.

THE ELDERLY – We have a commitment to protecting the elderly and the vulnerable.

Buckinghamshire has an ageing population and there is an increasing number of individuals using care services. It is an essential part of Conservative philosophy to look after those who need help.

POLICE – Safeguarding our communities – We shall continue to work with the police in making community policing successful. We shall support the police in defeating violent and serious crime.

ACHIEVING VALUE FOR MONEY in everything we do – more important than ever at a time of national economic difficulty.

If you have a local problem or concern let us see if we can help. Please complete this slip and return it to:

M. Bhatti
Disraeli House,
12 Aylesbury End
Beaconsfield HP9 1LW

I/We would like details on how to join/help the Conservative Party.

I/We are happy to help deliver a few leaflets.

We rely on your feedback to help us keep 'in touch' with YOUR concerns. Please use the space below to let us know your views.

COUNTY COUNCIL ELECTIONS

Local Conservatives have selected a well-known Chesham man, MOHAMMAD BHATTI, to be their candidate in Chesham East division which covers the town wards of Hilltop, Townsend, Newtown and Vale

Mr Bhatti has lived in Chesham for 30 years and has served as a Town and District Councillor for the last nine years. He has five children who attended local schools. And we all know that ***Buckinghamshire schools are best!***

He is well known in almost every street and house in Chesham and having served as Town Mayor, he is well aware of the problems facing people and neighbourhoods in the town. He established the 'Mayoral Award' to recognise those who dedicate themselves to works for the community.

He has strongly supported the development of the Healthzone from the very beginning and is delighted to see it started.

He has promoted interfaith conferences and has worked hard to encourage community engagement. Among the many organisations he has worked with include Chiltern Racial Equality Council and Buckinghamshire Mental Health.

If elected

- Mr Bhatti will support the improvements to the infrastructure, traffic and parking in Chesham.
- He will support the preservation of the Green Belt around the town.
- He wishes to see an urgent solution to the problems of floods and drainage in Chesham.
- He will make a special effort to improve facilities for the young and very old, and demands action to combat gang culture.

Mr Bhatti is available to assist local residents with their concerns and will be delighted to hear your opinions.

Telephone: 07859 889748
